

Studying Art

WHEN STUDYING ARTWORK THERE ARE FOUR MAIN THINGS TO CONSIDER:

The Content

- What is the image about? Try to describe what is in the picture.
- Who produced the work and when was it done? Is the painting realistic or abstract?
- Was anything happening in the world at that time that might have influenced the work?

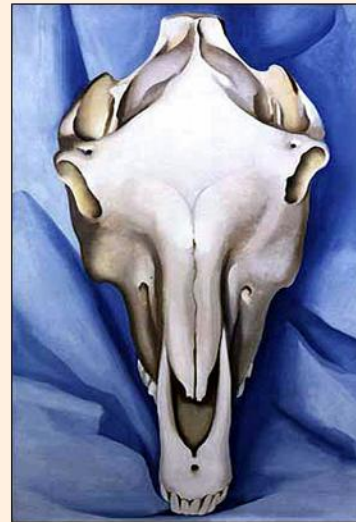

René Magritte. The Flavour of Tears. 1948

You will need to find out these facts from a book, a fact sheet or a website. This painting for example, was done just after the second world war. It shows the artists' sad feelings about the war.

FORMAL ELEMENTS

- Describe the way the artist uses lines, tones colours, shapes, textures and patterns to create effects.

Georgia O'Keeffe,
Horse's Skull on Blue, 1930

This is the language of Art. It can be hard to learn, because many of the words are difficult. You need to use lots of describing words: adjectives. For example: The warm, bright blues in this picture contrast with the deathly feeling of the skull.

HOW IT WAS DONE

- How was the piece produced?
- What was it made from?
- What techniques and processes were used?

Jackson Pollock Yellow Grey Black

All artists have their own style and technique. You should be able to understand something about the way they work.

FEELING & MOOD

- Does the work capture a mood, feeling or emotion?
- How has the artist created this mood?

Carravagio—Judith beheading Holofernes

This is a personal opinion so you cannot really get it wrong. You have to say how the painting makes you feel

STUDYING ART

NOW YOU HAVE TO APPLY THIS KNOWLEDGE TO YOUR OWN WORK

TASK

Make a copy of part or all of a painting provided.

It does not have to look exactly the same as the picture so do not worry if yours looks different. It should be YOUR own version of the work.

Make sure you have put the title of the painting, the name of the artist and the year it was done.

Then, use the "STUDYING ART" sheet to help you write about the:

CONTENT- what is in the picture? What is it all about?

FORMAL ELEMENTS - how has the artist used lines, tones, colours & shapes etc

HOW IT WAS DONE- how has the work been made, produced.

FEELINGS & MOOD - has the artist tried to convey a certain mood or feeling.

Write about 30-50 words for each section.

Then: Write your own personal opinion of the painting. Do you like it? If not, why not? Write about how the artwork makes you feel.
